ganadhishmardikar7160@gmail.com | +91 8956716111 | Pune, Maharashtra, India | [Portfolio](#)

OBJECTIVE

Experienced Frontend developer with over 1+ years of professional experience and 5 months of internship in web development. Expertise spans HTML, CSS, and JavaScript on the front end, with a specialization in React JS. Proven ability to develop seamless, polished websites with responsive design. Known for optimizing webpage performance and solving challenges. Excited to bring a comprehensive set of skills, along with a commitment to clean coding, to contribute effectively to diverse web development projects.

EDUCATION

NBN Sinhgad School of Engineering

B.E, Electronics and Telecommunications engineering

Pune, Maharashtra, India

July 2019 – June 2022

WORK EXPERIENCE

Cognizant

Pune, Maharashtra, India

Programmer Analyst Trainee

July 2022 – March 2023

- Identified areas for improvement in user-facing websites. Implemented advanced JavaScript, DOM and React.js techniques. Achieved a 20% increase in website performance, ensuring smooth loading times and enhancing overall user experience.
- Integrated RESTful APIs into existing applications with the Node.js, enhancing overall functionality and efficient data exchange which improved overall application functionality, providing users with enhanced features and real-time data updates.
- Recognized the need for a more consistent and efficient MVC development workflow. Created modular UI components with reusable code snippets, streamlining the development process. Improved development efficiency by 30%, leading to quicker project turnaround times and easier maintenance.

Cognizant

Pune, Maharashtra, India

Intern

Jan 2022 – May 2022

- Recognized the need for a solid understanding of fundamental web design principles. Actively acquired knowledge and applied principles to create visually appealing and user-friendly interfaces. Established a strong foundation in web design, enhancing the quality of interface design and user experience.
- Identified the importance of hands-on experience with various web development technologies. Engaged with a diverse range of software and technologies relevant to web development. Developed a practical understanding of industry tools, expanding the skill set and adaptability to technology trends in the web development field.
- Identified the importance of Continuous Integration/Continuous Deployment (CI/CD) tools in modern development workflows. Acquired and applied knowledge of CI/CD tools, contributing to streamlining the development process.

SKILLS

Markup Languages: HTML, CSS | Programming Language: JavaScript, TypeScript | Front End Library: React JS (State Management: Redux, Context API | Data Fetching: React Query) | CSS Framework: Tailwind CSS | UI Design: Figma | Version Control: GIT, Netlify, Vercel, GitHub | JS Runtime Environment: Node JS

INTEREST

- Continuous Learning and Research: Actively engaging in ongoing research to stay up to date on the trends, best practices, and innovations in front-end development.
- Progressive Web Apps (PWAs): Implementing Progressive Web App principles to enhance user experience, faster loading times, and deliver an app-like experience with smooth navigation and interactions.

LANGUAGES

- English
- Japanese(N5)
