Summary

Experienced Frontend Developer with over 1 year and 2 months of work and 5 months of internship in web development. I'm good with HTML, CSS, and JavaScript, and I specialize in React JS. I'm skilled in developing websites that function smoothly and have a polished look across different devices. I've successfully made webpages load faster with independent problem-solving. I'm excited to bring my tech skills and love for writing neat code to a lively development team.

Professional Experience

Cognizant, Programmer Analyst Trainee Jul 2022 – Mar 2023 | Pune, Maharashtra

- Developed and maintained user-facing websites using HTML, CSS, JavaScript, and React JS.
- Integrated RESTful APIs into existing applications for improved functionality.
- Collaborated with developers to create user-friendly web applications.
- Created UI components with reusable codes for a better user experience.
- Optimized the performance of web pages to ensure fast loading times. This included reducing image sizes, minimizing HTTP requests, and optimizing code for efficiency.

Cognizant, Intern Jan 2022 – May 2022 | Pune, Maharashtra

- Acquired knowledge of web design principles.
- Gained practical experience with relevant software and technology.
- Made a final project presentation at the end of the internship to communicate findings, share learnings, and offer suggestions for improving the program.
- Demonstrated ability to take initiative and work independently on assigned projects.
- Assisted others in solving problems using learnings and software tools.
- Learned and applied CI/CD tools to streamline the development process.
